

High School Curriculum Weekly Update # 3

This week's curriculum is focused on the **JAG National Student Leadership Conference Essay** found on this link: [Competitive Event - JAG Leadership Event](#) for 11th and 12th grade students vying for the awesome trip to Washington D.C. in November. **The deadline for submission of the essay is Friday, September 23rd.**

The **JAG Leadership event description** states that **the student will display commitment** to the **JMG/MCA program** and illustrate the value of the program to his/her personal goals.

Again, one of the rubrics on the **rating sheet/scoring rubric** used for the essay paper **addresses the student's commitment to JMG/MCA.**

A resource that addresses **the act of commitment to an organization** is listed below. As a former teacher, these lessons provided food for thought regarding my commitment level, as well.
